DESCRIPTION

This list covers the hard to reach area of IT decision makers in the public sector. Contacts can be selected by level of seniority and represent key buyers of IT products and services throughout Australia.

This list sits at 98% data accuracy and is sourced from A-ZGovBIZ - a database of 45,000+ contacts at all levels of the public sector. Contacts can be selected by job function, number of employees, level of seniority, metro/country.

A-ZGovBIZ is committed to accurate and detailed information and as we are specialists in public sector data. It is regarded as the highest quality public sector database available for rental, purchase or license.
