### DESCRIPTION

This list of 3,343 procurement, planning, programs and strategists in the public sector is the only list of its kind and is 98% accurate. AZP is perfect for anyone wanting to reach decision makers in government who are responsible for managing a special project, planning of resources or considering strategy. These personnel generally work closely with IT, finance, HR or management. This list is useful if you have an integrated service or need to reach specifiers to get your products considered as early in the decision cycle as possible.
