### DESCRIPTION

A-ZGovBIZ Health is a list of middle and senior decision makers, administrators, policy makers, facility and procurement managers, human services, technology officers and more in the Australian health system.

Agencies include private hospitals, aged care facilities, government and private agencies / departments, State government owned and operated hospitals and agencies, Federal government health and agencies, allied health services, health education, home & community healthcare, health associations and bodies, schools within hospitals, health research and support, human/social & community services, indigenous health, youth support services, healthcare administration and regulation.

This database reflects the depth and breadth of the Australian health system and the complex labyrinth of agencies, clinics and health-related government departments, education institutions, bodies and services.

With over 40 job functions to choose from you can target prospects by position, job function and seniority. Also select by type of organisation, level of government, location and size of organisation you need to reach.

A-ZGovBIZ Health is a major component of A-ZGovBIZ - a national database of business decision makers at all levels of the public sector. Contacts can be selected by job function, number of employees, level of seniority, metro/country, and more.

All contacts are fully personalised and you can select email, phone, fax or mailing address data.

A-ZGovBIZ is committed to accuracy (guaranteed 98%) and because we are specialists in public sector marketing lists A-ZGovBIZ is regarded by marketing agencies as the most comprehensive public sector database available.
